*Esprit*  
Premier Montelena

Priced from  
\$398,900

## GETREAL Value

Our number one goal is to get you into a new home you love without stretching your budget. A Premier Possibilities Home gives you all the elements you need now and you can add your wishes as you go.

## GETREAL Creative

DIY (Design it Yourself) program—a series of seminars that will inspire and educate you on how to personalize your new home even more. From installing interior accents, such as a barn wood wall, to creating an inviting backyard environment by adding a fire-pit or built-in BBQ, we can show you how to make it happen.

## GETREAL Inspired

Our Inspire Design Center offers you the opportunity to personalize your home in an environment that features a vast array of interior selections that range from traditional to contemporary.

## GETREAL Family Time

Our "Generations" plans are designed to accommodate multiple generations while maintaining a sense of privacy. There's nothing more important than family, and these plans are a welcome opportunity to provide for loved ones.
