MILITARY INCENTIVE

The call to serve is an honorable one filled with sacrifices for both the servicemember and their family. As an Army veteran himself, Akeem Seriki offers a \$5,000 military incentive to all of his brothers & sisters in arms to be used towards the building of their own Black Oak Home as way of saying “Thank You” for protecting ours.

This \$5,000 incentive can be applied to the overall purchase or towards upgrades added during the build process.

PREFERRED LENDER INCENTIVE

By using our preferred lender, not only will you receive competitive programs and years of experience, but to sweeten the deal you will also be privy to long term rate locks and no loan origination fee (VA loan).
